**Information**
**ARO.OPS.205 Minimum equipment list approval**

(b) The competent authority shall approve the operator's procedure for the extension of the applicable rectification intervals B, C and D, if the conditions specified in ORO.MLR.105(f) are demonstrated by the operator and verified by the competent authority.

**GM1 ARO.OPS.205 Minimum equipment list approval**
**EXTENSION OF RECTIFICATION INTERVALS**

The competent authority should verify that the operator does not use the extension of rectification intervals as a means to reduce or eliminate the need to rectify MEL defects in accordance with the established category limit. The extension of rectification intervals should only be considered valid and justifiable when events beyond the operator's control have precluded rectification.

**ORO.MLR.105 Minimum equipment list**

(f) Subject to approval of the competent authority, the operator may use a procedure for the one time extension of category B, C and D rectification intervals, provided that:

(1) the extension of the rectification interval is within the scope of the MMEL for the aircraft type;	Referens i handbok	TS notering
--	--------------------	-------------

(2) the extension of the rectification interval is, as a maximum, of the same duration as the rectification interval specified in the MEL;	Referens i handbok	TS notering
(3) the rectification interval extension is not used as a normal means of conducting MEL item rectification and is used only when events beyond the control of the operator have precluded rectification;	Referens i handbok	TS notering
(4) a description of specific duties and responsibilities for controlling extensions is established by the operator;	Referens i handbok	TS notering
(5) the competent authority is notified of any extension of the applicable rectification interval; and	Referens i handbok	TS notering
(6) a plan to accomplish the rectification at the earliest opportunity is established.	Referens i handbok	TS notering

**AMC1 ORO.MLR.105(f) Minimum equipment list**

**RECTIFICATION INTERVAL EXTENSION (RIE) — OPERATOR PROCEDURES FOR THE APPROVAL BY THE COMPETENT AUTHORITY AND NOTIFICATION TO THE COMPETENT AUTHORITY**

(a) The operator's procedures to address the extension of rectification intervals and ongoing surveillance to ensure compliance should provide the competent authority with details of the name and position of the nominated personnel responsible for the control of the operator's rectification interval extension (RIE) procedures and details of the specific duties and responsibilities established to control the use of RIEs.	Referens i handbok	TS notering
---	--------------------	-------------

<p>(b) Personnel authorising RIEs should be adequately trained in technical and/or operational disciplines to accomplish their duties. They should have necessary operational knowledge in terms of operational use of the MEL as alleviating documents by flight crew and maintenance personnel and engineering competence. The authorising personnel should be listed by appointment and name.</p>	Referens i handbok	TS notering
<p>(c) The operator should notify the competent authority within 1 month of the extension of the applicable rectification interval or within the appropriated timescales specified by the approved procedure for the RIE.</p>	Referens i handbok	TS notering
<p>(d) The notification should be made in a form determined by the competent authority and should specify the original defect, all such uses, the reason for the RIE and the reasons why rectification was not carried out within the original rectification interval.</p>	Referens i handbok	TS notering

**GM1 ORO.MLR.105(f) Minimum equipment list**
**RECTIFICATION INTERVAL EXTENSION (RIE)**

<p>Procedures for the extension of rectification intervals should only be applied under certain conditions, such as a shortage of parts from manufacturers or other unforeseen situations (e.g. inability to obtain equipment necessary for proper troubleshooting and repair), in which case the operator may be unable to comply with the specified rectification intervals.</p>	Referens i handbok	TS notering
